About the SAP Internship Experience Program

The SAP Internship Experience Program is SAP's global, strategic, paid internship program that provides university students with opportunities to find purpose in their careers.

What you'll do

- Contribute to development of new solutions.

- Contribute to code reviews, testing, and feature development while receiving mentorship from senior developers.

- During your first months, we offer you technical and business trainings geared to your individual knowledge and experience, as well as buddy program.

What you bring

- Good software development / programming skills in at least one common programming language.

- Communication skills in English, both verbal and written.

- Logical, analytical, process-oriented thinking.

- Willingness to expand your technology stack.
