

# Red Hat Open Source Contest - What is it?

- Open Source Contest is a competition for students during which we as Red Hat company want to show students how easy it is to participate in open source projects.
- Students can also get feedback on their code and get it included in a real project.
- By participating in the Red Hat Open Source Contest students can win nice prizes.

# Red Hat Open Source Contest - What will I do?

- Pick one of the project tasks.
- Contribute to an open source project under the supervision of an experienced mentor from Red Hat.
- Present your project in front of other competitors and mentors.
- Receive your fabulous prize.

# Red Hat Open Source Contest - What will I get?

- Public participation in an open source project.
- Exceptional participants may receive offers for an internship at Red Hat
- The overall contest winner receives an eshop coupon worth 10,000 CZK
- University credits for your work done during RHOSC if you study either at MUNI or MENDELU, you can join these courses:
  - MUNI – PB173 Domain specific development in C/C++ – seminar group oss
  - MENDELU – EXC-KROS Open Source club

# Red Hat Open Source Contest - How to participate?

- Check the official website at the beginning of each university semester.
- Choose a task from List of tasks.
- Fill out Sign up form.
- Your mentor will contact you.
